NOTE:
Transport of Russia dated 02.05.2024 No. 157
1. When calculating the cost of servicing a flight, the prices in effect at the time of the aircraft's departure on 02.05.2024 No. 157 are applied.
2. The procedure for taxation of services rendered during domestic and international air transportation with value added tax:

2.1. Charges for aircraft servicing services are collected at the rates (tariffs) and prices in effect on the date of departure of the aircraft from the airport.

2.2. When providing services at the airport, upon arrival and/or departure of an aircraft performing an international flight, value added tax is assessed at a rate of 0 percent.

2.3. When providing services at the airport, upon arrival and/or departure of an aircraft performing a domestic flight, value added tax is assessed at a rate of 22 percent.

2.4. When providing services for the provision of an airport terminal complex, ground handling of aircraft, passengers, aircraft crews, handling of baggage, cargo and mail; technical servicing of aircraft (delivery of passengers to/from the aircraft, provision of boarding or disembarkation to/from the aircraft, delivery of the crew from/to the aircraft, provision of aircraft reception, provision of aircraft towing, provision of a driver, provision of special technical and transport vehicles)/(indicate price list items) rendered at the airport upon arrival and/or departure of an aircraft performing a flight with a landing at the airport, having international and domestic flight segments, value added tax is assessed at a rate of 0 percent on the international flight segment and 22 percent on the domestic flight segment. When providing services for the takeoff, landing, taxiing and parking of aircraft, and ensuring aviation (transportation) security/(indicate price list items), value added tax is assessed at a rate of 0 percent if the departure from the airport is to an international destination and 22 percent if the departure from the airport is to a domestic destination.

3.. For services at Nalchik Airport carried out outside the airport operating hours established by the regulations, all fees and tariffs for ground handling of aircraft, with the exception of the cost of the personal protective equipment, are increased by 40% of the published rates.
The extension of the airport's operating hours, at the request of the airline, can be set for a time multiple of one hour (from 20:00 to 21:00 Moscow time)

***fees and tariffs are subject to state regulation.**
Approved by order of the State Committee of the Kabardino-Balkarian Republic for Tariffs and Housing Supervision dated February 28, 2025, No. 13
